

LYDIA CHEW

TECHNOLOGY & CUSTOMER-FACING PROFESSIONAL | BDR CANDIDATE

Technology and customer-facing professional transitioning into B2B technology sales, with experience spanning semiconductor manufacturing at Micron, premium international customer service at Singapore Airlines, and target-driven retail sales. Currently pursuing a Bachelor of Information Technology at NUS while working full-time. Brings a technical foundation in automation and data-driven problem solving, strong communication and resilience, with genuine experience working toward sales targets and earning performance-based bonuses.

RELEVANT EXPERIENCE

Singapore Airlines

Jul 2023 - Present

Flight Attendant

- Engage with an international customer base, quickly building rapport, adapting communication to different needs, cultures and expectations.
- Identify customer needs, recommend appropriate products or service options, resolve concerns through active listening and clear communication.
- Perform consistently in a fast-paced, highly regulated environment requiring resilience, attention to detail, teamwork, and professionalism under pressure.

Micron Semiconductor Asia Operations

Jun 2022 - Feb 2023

PIE-RDA Quality Technologist

- Supported process and quality activities in high-volume semiconductor manufacturing, including Statistical Process Control (SPC) charts and sampling strategies.
- Contributed to automation and productivity-improvement initiatives in a technical, data-driven environment.
- Developed experience in structured problem solving, analytical thinking and cross-functional collaboration.

KIMOJ Jewelry Store (Evottica Pte. Ltd.)

Mar 2019 - May 2019

Sales Associate

- Engaged customers to understand preferences and recommend suitable products while working toward store sales targets.
- Achieved sales targets and earned performance-based bonuses; maintained rapport with returning customers and communicated new merchandise.
- Managed an outlet independently, supported jewellery fairs, and promotional events to contribute to sales.

WHAT I BRING TO B2B TECHNOLOGY SALES

Technical foundation

Automation & mechatronics education, semiconductor experience, and current IT studies.

Customer confidence

Daily experience communicating with diverse customers in a premium global service environment.

Commercial exposure

Genuine retail sales experience working toward targets and earning performance bonuses.

Learning agility

Balancing full-time work with an IT degree while developing toward enterprise technology sales.

ACADEMIC & LEADERSHIP HIGHLIGHTS

Academic recognition

Director's List (2017 & 2018); School of Engineering Merit Award (AY2018/19); placed 2nd overall in Year 1.

Top module performance

Placed 1st in Automation in a Mechatronic World; earned six Distinction (AD) grades, awarded to the top 5% cohort for the module.

Engineering leadership

Main Committee, Institution of Engineers Singapore (Ngee Ann Polytechnic), 2018-2019; previously Sub-Committee.

Student leadership

NPSU group leader and event/camp planning experience, including proposals, sponsorship sourcing, welfare, and team coordination.

LEADERSHIP & ORGANISATIONAL EXPERIENCE

Institution of Engineers Singapore (Ngee Ann Polytechnic)

Main Committee | 2018 - 2019

- Organised weekly meetings and team-bonding activities for members.
- Drafted proposals and managed teams to plan engineering student events.
- Handled internal and external relationships involving engineering students from Ngee Ann Polytechnic and other schools.

Ngee Ann Polytechnic Students' Union

Group Leader / Sub-Committee / Planning Committee

- Planned large-scale school events and camps, including proposals, logistics and student welfare.
- Sourced sponsorships for major events, coordinated food, first-aid contacts, and participant needs.
- Led and supported student teams, developing leadership, discipline, perseverance, and time-management skills.

ADDITIONAL CUSTOMER-FACING EXPERIENCE

Asanoya Bakery | Part-time Sales

Sep 2015 - Dec 2015

Promoted seasonal breads and cakes, advised customers, answered product queries, and operated the cash register.

Elemen Vegetarian Restaurant | Part-time Waitress

Oct 2016 - Mar 2017

Handled high-volume service, customer complaints, and teamwork while maintaining service standards under pressure.

SGMY Restaurant | Part-time Waitress

Aug 2020 - Oct 2020

Recommended dishes, worked across runner, bartender and cashier duties, and supported beer promotions in a high-paced environment.

TECHNICAL & OTHER COMPETENCIES

Technology

Python, SQL, databases, HTML, CSS, JavaScript
C programming, Arduino, RPA, machine learning, and data analysis.

Engineering

Automation, mechatronics, SPC charts, sampling strategies, quality assurance, and productivity improvement.

Business & Productivity

Business Management minor; Microsoft Word, Excel, and PowerPoint; customer engagement and target-driven retail sales.

REFEREES

Gurung Gloria Seet Pek Hoon

Teacher, Values Education
